

Meet Eddie

Eddie is a two year old, mixed dog. He is medium sized and weighs 22 pounds. He's very friendly, active and social. He does great with other dogs. He's already playing in play groups with all other dogs!! He's learning how to introduce himself and know when his playmate is through playing with him :)

He is energetic, happy and loves to live life!! He will need some additional training when he has his new home so he can be the best he can be!!

He tends to want things for himself like his food, toys, etc. so the number one thing we're working on is helping him to learn to share. He is also getting some basic obedience as he learns with us. He does well on our Pack Walks with the Volunteers too!!

He's quite the fetcher. He loves to play fetch and will even drop his toy or ball when he returns it to you. He is chipped, neutered, up to date on shots and ready to go to his new home.

Contact adoption@bellyupforadoptions.com or staff@bellyrubclub.com to ask for an application. You can also call 630-542-3559 and we'll send you one!
